

Corporate Social Responsibility Projects CGHFL

1. Promotion of Education

- Ensure enrolment and retention of children in schools.
- Strengthen School Management Committees (SMCs) for effective school governance.
- Enhance infrastructure by setting up STEM labs, activity corners, and transforming classrooms into child-friendly spaces.
- Conduct menstrual hygiene awareness programs and provide support materials.
- Offer nutrition support to school-going children.
- Raise awareness on child protection and provide life skills training in Child Care Institutions (CCIs).
- Organize leadership and safety training for children and adolescents.

2. Healthcare and Hygiene

- Mobile Medical Units (MMUs) - Deliver maternal and child healthcare services, including antenatal/postnatal care, immunizations, and disease screenings in underserved areas.
- Train local women to serve as community health workers, delivering maternal care and conducting screenings for chronic conditions like hypertension and diabetes.
- Disease Prevention and Health Camps - Conduct regular health camps in tribal villages, focusing on disease prevention, early detection, and health education.
